Novel Tall Fescue Renovation Workshop

February 23-25, 2021 | 6:00pm - 8:30pm, EDT
Virtual Event

Toxic tall fescue reduces livestock weight gains and lowers reproductive performance. This three evening workshop will give you the tools and information needed to remove toxic tall fescue and replace it with novel tall fescue varieties. Speakers include producers, company representatives and extension specialists and researchers from across the country.

Register at
<https://NETFVirtual.Eventbrite.com>
\$30 for all three evenings

Tuesday, February 23	Wednesday, February 24	Thursday, February 25
